this book presents the findings of a case study conducted in a māori medium school where a space was created for pūtaiao western science teaching and learning from year 1 to 13 science is currently taught in te reo māori in primary school and in english in secondary school and evidence suggests that students are engaging in science education learning to investigate and achieving in science in new zealand most students attend english medium state schools however approximately 15 of indigenous students attend māori medium schools these schools are underpinned with kura kaupapa māori philosophy which is culturally specific to māori and aims to revitalise the māori language and māori knowledge and culture māori students engagement and achievement continues to be a challenge for both mainstream and māori medium schools teachers and students due to lack of access to science teachers who can teach in te reo māori school leaders and whanau families believed that by year 9 age 13 their students had developed their identity as

māori and were proficient in te reo māori they wanted their students to have the option to learn science experience success and have the choice to continue in science so they made the difficult decision for science to be taught in english in secondary school the book discusses how teachers in indigenous schools who have extensive knowledge of culture and context specific pedagogies can gain confidence to teach science through collaboration with and support from researchers with whom they have developed strong professional relationships

developed by expert teachers every lesson is carefully designed to support learning online offline in class and at home supporting students whether students need a challenge or a helping hand they have the tools to help them take the next step in class and at home jactutor every student can have the help of a personal ai tutor when they get stuck in class or at home this purpose built tool sits safely within your jacaranda resource so guidance will always be specific to that lesson question and curriculum concepts brought to life with rich multimedia easy navigation differentiated pathways immediate corrective feedback sample responses for every question personalised pathways that also allow for social learning opportunities for remediation extension and acceleration tracking progress and growth supporting teachers teachers are empowered to teach their class their way with flexible resources perfect for teaching and learning hundreds of ready made and customisable lessons comprehensive syllabus coverage and planning documentation a variety of learning activities marking tracking monitoring and reporting capabilities ability to add own materials supporting schools schools are set up for success with our unmatched customer service training and solutions tailored to you learning management system lms integration online class set up dedicated customer specialists tools to manage classes bookseller app integration complimentary resources for teachers curriculum planning data insights flexible subscription services at unbeatable prices
